

## INDUSTRIAL

### Testing – Functional / Non-Destructive

- Key Strengths
  - Functional Tests
  - LabView Interfaces
  - Capacitance Testing of Threaded bores
  - Resonant Frequency Testing
    - In line / Low Cost
    - Full Part Eval.
  - Custom Ultrasonic Solutions
    - EMAT
    - Traditional
  - Eddy Current
  - Installation / Training
  - Data Collection / Real Time Analysis
  
- Industries Served in the past few years
  - Lawn and Garden Equipment
  - Machining Tools
  - Hoists
  - Automotive
