

INDUSTRIAL

Testing – Functional / Non-Destructive

- Key Strengths
 - Functional Tests
 - LabView Interfaces
 - Capacitance Testing of Threaded bores
 - Resonant Frequency Testing
 - In line / Low Cost
 - Full Part Eval.
 - Custom Ultrasonic Solutions
 - EMAT
 - Traditional
 - Eddy Current
 - Installation / Training
 - Data Collection / Real Time Analysis

- Industries Served in the past few years
 - Lawn and Garden Equipment
 - Machining Tools
 - Hoists
 - Automotive
